To Whom It May Concern:

Testimonial of Project and services rendered by DGSE.

This correspondence serves to confirm that Dorian Glass of DGSE assisted Lombardi Foods Pty Ltd with Strategic Planning, as well as high-level meeting preparations to renew the relationship between Lombardi Foods and its major client, Woolworths Pty Ltd.

The main project required was to formulate a fresh strategy for Lombardi Foods, which would project our business forward for the next 5 years. Our client, Woolworths, requested presentations from the key 5 Prepared Foods suppliers, and this is where DGSE's involvement was paramount. The resulting project was highly commended by the Foods Leadership Team of Woolworths, and was a vital aid in seeing our business remains one of Woolworths' top and strategic suppliers.

The above project took place during May-July 2006.

Dorian is extremely knowledgeable and practical, and was able to extract the deeper requirements from our situation, and elevate existing attributes to higher levels of business opportunities. He was often firm on certain direction, yet maintained the option for our own final thoughts and decisions. Dorian brought a fresh approach to strategic planning, and had us looking in at ourselves, from the outside.

Sincerely,

Martin Lombardi.
